## **FOREWORD**

This handbook is presented in the hopes that it will provide a resource full of information, which will be helpful in aiding students to do their part towards keeping Montpelier Schools a place of respect and integrity. All students enrolled in Montpelier Schools are held accountable for Board of Education policies as stated in this handbook. Read the handbook carefully. Please keep it as a reference throughout the year.

## **MISSION STATEMENT**

In partnership with family and community, the Mission of the Montpelier Exempted Village School District is to educate students to their maximum potential and motivate them to be productive and responsible citizens.

## **INTRODUCTION**

It is the intent of the teachers, staff and administration here at Montpelier Schools to prepare our young people for the future and society of the 21<sup>st</sup> century. In doing so, it must be addressed that the skills and tools may look a little different than what most are accustomed to in a traditional school setting. Our young people must be prepared to master today's technology in order to find and access the information world that is in front of them. Internet, media, literacy, and career readiness skills are all a part of this new age. With that said, it is also up to the young people to openly embrace the education and tools empowered to them while here at Montpelier. These tools, once owned by our students, can be carried on for a lifetime, and they are there for the taking. Our new generation of young learners must strive to be the best that they can be and allow Montpelier Schools to guide them into the future that is so bright and promising.

## **ALMA MATER**

To our school we pledge allegiance,  
Dear oh 'Pelier High.  
We will love our Alma Mater,  
Never will it die...  
Oh, Montpelier, oh Montpelier  
School so tried and true...  
Loyalty we give as ever,  
To the White and Blue  
GO BLUE!

## **FIGHT SONG**

March the team across the field.  
Show them Montpelier is here.  
Set the earth reverberating with a mighty cheer.  
Rah! Rah! Rah!  
Hit them hard and see how they fall,  
Never let that team get the ball  
Hail! Hail! The gang's all here.  
As we march on to Victory!

## STUDENT HANDBOOK POLICIES

NOTE: No policy can address, in specific fashion, all possible situations that may occur. When this policy does not address a specific behavior, students are expected to conduct themselves in a spirit of social responsibility and respect for others. All policies in this handbook are a product of the Districts Bylaws & Policies.

All forms referenced in this handbook are made available to the public on the schools webpage or on Final Forms.

### STUDENT CODE OF CONDUCT

The Montpelier Board of Education has adopted a Code of Conduct for all students at Montpelier Schools. It is important to note that additional rules may be developed for individual classrooms, different areas of school grounds as well as for special events. Nothing stated here or not stated here should be interpreted as to limit the ability of school officials to deal with unusual circumstances or to provide for individual differences. The rules and standards set forth here apply to conduct on school premises, on school buses, involving school property, and/ or conduct off school premises that directly affect other students and the reputation of Montpelier Schools. **All reported misconduct will be investigated by administration.**

### DISCIPLINE PROCEDURES

The intent of any discipline procedure is to tailor consequences that will change repeated behaviors. With this goal in mind, students who are habitual offenders of the Code of Conduct will have consequences accelerated. If a student receives ten (10) written consequences in a school year, regardless of the infraction, he/she will be placed on a behavior plan and/or referred to the superintendent for possible expulsion. **(See Appendix A- Behavioral Plan)**

### ACADEMIC EXPECTATIONS

In order for students to achieve and to reach their highest potential, it is important for them to complete work assigned to them. Students who choose to not complete the assignments or work asked of them will be written up for insubordination. Students failing to complete assignments or work asked of them will be issued consequences. Those consequences may include, but are not limited to lunch detentions, afterschool detentions, 2hr Friday detentions, removal from class, possible ISS. After 10 recurrences of such violations will result in being placed on an Academic Expectations Plan, possible OSS and/or recommendation of expulsion. **(See Appendix B- Academic Expectations Plan)**

### ACADEMIC HONESTY and INTEGRITY

**Cheating or academic dishonesty-** Students shall not engage in any form of academic dishonesty, including cheating on any assignment, quiz or test. Violation of academic dishonesty will result in a zero for the assignment and the student redoing such work to obtain partial credit. Also, parents will be notified, and the student will be issued either an After School Detention or 2 hour Friday School.

**Plagiarism** – Defined as “presenting someone else’s work as their own, example, cut and paste off internet or use of other’s words”. Violation of plagiarism will result in a zero for the assignment and the student redoing such work to obtain partial credit. Also, parents will be notified, and the student will be issued either a 2 hour Friday School or possible ISS. Continued recurrence of such violation will result in possible OSS and/or recommendation of expulsion.

**Academic Insubordination-** Students are expected to perform the requirements of their school work with the highest level of integrity. Students shall not engage in any form of academic insubordination, such as not turning classroom assignments or refusal to do work in the classroom. Violation of academic insubordination will result in a zero for that assignment, be required to redo or complete the work asked of them to obtain partial credit, and will be assigned a lunch detention for the day. Students who continue to choose not to complete their assignments or work asked of them will be written up for insubordination, resulting in an After School Detention and a phone call to parents. After 3 write-ups the student will be placed on an Academic Expectations Plan.

## **ATTENDANCE, TARDINESS, AND TRUANCY POLICIES**

It is the responsibility of the school to monitor and encourage attendance of each student, each day during the school year. The student is responsible to attend school each day prepared and ready to learn. And it is the responsibility of the parents to make sure that they communicate with the office in the event that their student must be away from school. With that said, when a student is absent from school the parent is required to call the school prior to 9:00 AM the day of the absence, in accordance with the Missing Child Act.

**Parents may use the automated attendance line by calling: 419-485-6700 ext. 1710.**

After 10:00 AM, a PowerAnnouncement will be sent to the primary phone number to report the absence of your student. It is the responsibility of the parents to update the school with current phone numbers as they change.

Parents who call in an absence are still required to provide a written note or Doctor's excuse to the office upon your student's return that includes the following:

- the date the note was written
- the name of the student and grade
- the day or days the student was absent

An afterschool detention will be assigned for each tardy thereafter for the remainder of the quarter.

Regular attendance shall be defined as participation in all activities assigned to a student during specified school hours when classes are being conducted. The only tardiness or absence from these required activities that will be excused are those provided in Ohio Law and confirmed by parents or by legal guardian.

### **Excessive Absences:**

- Any absences (excused or unexcused) totaling 38 hours in a one month period, or 65 hours in one school year, administration will speak with the student and parents will be notified by mail of such attendance issues.

### **Habitual Truancy: All cases will involve the Juvenile Probation**

- Unexcused absences of 30+ consecutive hours, 42+ hours in one month, or 72+ hours in a school year.
- Upon reaching the 40 hours (excused or unexcused) benchmark or the 30 consecutive hours, students and parents will be notified by mail of an administrative conference at the school to establish a plan of action. That

plan of action may include extra time being assigned to the school day, privileges being removed, and/or additional interventions as deemed appropriate by the absence intervention team. This could lead to a referral to the Juvenile Court system.

- If the student has absences as noted above, but the absence intervention team determines that the student has made “substantial progress” according to the plan, the administration will not file a complaint in juvenile court.
- The student has refused to participate in or failed to make satisfactory progress on the plan, strategies, or alternatives behaviors then the administration will file a complaint in juvenile court.

## **DRUG TESTING POLICY**

### **Montpelier Exempted Village Schools**

The Montpelier Exempted Village School District Board of Education Drug Testing Policy was formed because of a concern that alcohol and illicit drugs may be used by Montpelier Exempted Village School's students. The Montpelier Exempted Village School District Board of Education desires to implement a policy which will attempt to provide this district with a safe and healthful student program. This policy reflects the Montpelier Exempted Village School District Board of Education and the community's strong commitment to establish a truly drug and alcohol free school program. Because of the potential of drug use in our high school, Montpelier Exempted Village School District has selected student athletes, students who participate in extra-curricular activities and students who along with consent from their parents volunteer to be tested for inclusion in the testing pool. This policy applies to all athletes, volunteers and participants in extra-curricular activities from grades 7-12.

### **PURPOSE OF THIS POLICY SHALL BE:**

- To provide a healthy and safe environment to all students participating in the athletic and extracurricular programs.
  - To discourage all students from using drugs and alcohol.
  - Students will assume all responsibility for regulating their personal lives in ways that will result in their becoming healthful members of a team and worthy representatives of the school and community.
  - To provide students with the opportunity to become leaders in the student body for a drug free school.
  - To provide solutions for the student who does use drugs and alcohol.
  - To provide the school with positive guidelines and disciplinary policies for violations of this Policy.
  - To encourage those students who participate in athletic and extra-curricular programs to remain drug free and alcohol free.
- 
- The Policy does not affect any existing policies, practices, or rights of the District regarding the suspension or expulsion of students from school for drug and/or alcohol possession or use in violation of the Code of Conduct. This Policy is only applicable to athletes, volunteers and participants in any extra-curricular activity and is academically non-punitive.
- 
- Students involved in athletics or other extra-curricular activities need to be exemplary in the eyes of the community and other students. This Policy is designed to create a safe, drug free environment for students and assist them in getting help when needed. Although students risk the loss of continued participation in athletics and extra-curricular activities, no student shall be suspended or expelled from school or penalized academically for testing positive for banned substances under this Policy. The results of drug tests conducted under this Policy will not be documented in any student's academic records.

## **1. STUDENT ATHLETE**

Any person participating in the Montpelier High School athletic program and/or contests under the control and jurisdiction of the Montpelier Exempted Village Schools and/or the Ohio High School Athletic Association (OHSAA). This Policy also includes cheerleaders.

## **2. EXTRACURRICULAR**

This also includes activities outside of the sporting realm that are voluntary in nature and take place outside of the regular school day. In addition to all competitive sports this also includes all academic clubs, music programs and club sports. If other extra-curricular programs are added to our school program, they will be added to the testing schedule.

## **3. ATHLETIC SEASON**

In-season start dates will begin as published by the Ohio High School Athletic Association or sanctioning organization and continue until the completion of awards program for that sport for the Montpelier Exempted Village School District. There are three athletic seasons: fall, winter, and spring. Due to the nature of our athletic code, students are under the jurisdiction of the athletic code year-round. The number of times tested under this Policy could vary based on in-season/out of season.

## **4. RANDOM SELECTION**

A system of selecting students for drug and alcohol testing in which each student shall have a fair and equitable chance of being selected each time selections are required.

## **5. DRUGS**

Any "controlled substance" as defined in U.S.C. 802 (6), which an individual may not sell, offer to sell, possess, give, exchange, use, distribute, or purchase under State or Federal Law. This includes (but is not limited to) LSD, Marijuana, Amphetamines, Methadone, Methaqualone, Barbiturates, Benzodiazepines, Opiates, Cocaine, Propoxyphene (Darvon) and also includes all prescribed and over-the-counter drugs being used in any way other than for medical purposes in accordance with the directions for use provided for in the prescription or by the manufacturer. This definition shall also include nicotine (tobacco) and anabolic steroids.

## **6. ALCOHOL**

Any intoxicating liquor, alcohol, beer, wine, mixed beverage, spirituous liquor, or cider, as such terms are defined in the Ohio Revised Code Section 4301.01. The term "alcoholic beverage" includes any liquid or substance, such as "near beer" which contains alcohol in any proportion or percentage. The term "alcoholic beverage" does not include a substance used for medical purposes in accordance with directions for use provided in a prescription or by the manufacturer and in accordance with school district policy and rules related to the use of prescription and non-prescription drugs, provided the substance is a) authorized by a medical prescription from a licensed physician and kept in the original container, which shall state the students name and directions for use; or b) an over-the-counter medicine.

## **PROCESS**

### **1. RANDOM TESTING**

- In-season random testing shall be conducted on Student Athletes throughout the athletic season and students participating in any extracurricular activities throughout the extracurricular season. Each team or extracurricular activity may have up to 20% of its eligible students tested per random selection. A student may be tested more than once per athletic season or extracurricular season. In addition, students may be randomly tested

when they are out of season under the guidelines of the year round athletic code of conduct.

### **Random selection:**

The athletic director, under the principal's supervision, will use a system to ensure that students are selected in a random fashion. This system may include computer generated random numbers or names or by pulling numbers from a pool of numbers equal to the number of eligible students.

- Scheduling of random testing:

Random testing will be unannounced. The day and date will be selected by the athletic director and confirmed with the building administrator. Random testing may be done weekly.

### 2. SUBSTANCES FOR WHICH ATHLETES MAY BE TESTED:

Students will be tested under this Policy for Drugs and Alcohol (as such terms are defined above).

### 3. COLLECTION PROCESS (Urine Screens)

Upon random selection, a student will be notified to report to the collection site within the school building. A urine specimen from the student will be collected as follows and all students must follow this same process:

- All students must present a picture ID or be identified by the athletic director or principal. No exceptions will be allowed.
- The testing area must be secured during the testing. Only lab technicians and students will be witnesses to the test. Privacy must be kept for all students.
- The athletic director is responsible for ensuring that all necessary forms are completed and signed by both parent/guardian/custodian and student. No student is allowed to participate until all forms are turned in to the athletic office.
- Students will be asked to hold out their hands and a sanitizer will be put on their hands, or they shall wash their hands with soap and water in the presence of the lab technician. The testing staff will add a dye to the toilet.
- Students will be asked to urinate directly into the collection cup given to them by the lab personnel. The lab technician will stand outside the bathroom stall and listen for normal sounds of urination. When female students are submitting a urine sample the lab technician must also be a female. Likewise, when male students are submitting a urine sample the lab technician must also be a male.
- The sample must be taken in one attempt and be at least 30 ml in size. The student must hand the cup to the lab technician immediately after producing a sample.
- Students are not to flush the toilets or urinals. In the event that a student flushes the toilet he or she will be required to give a new sample immediately or the sample will be invalid.
- With the student watching, the lab technician will recap the sample and hand it to the student who must then return it to the intake technician. In the event that the student does not hand the cup directly to the intake technician, the sample is invalid and a new sample must be produced.
- When students arrive and cannot produce a sample, they will be required to start drinking water or other beverage in order to produce a sample. After 36 oz. the human body will need to urinate. Students who cannot produce a sample will be kept in a secured area to wait until they can test.
- Any student who leaves the secured testing area will not be allowed to test. A student who leaves the testing area will be treated under this Policy as if he or she has tested positive for a banned substance.

- No bags, backpacks, purses, cups, containers or drinks will be allowed to enter the collection area. All coats, vests, jackets, hats, scarves or baggy clothing must be removed before entering the collection site. Only pants and t-shirts or dresses may be worn in the collection area. Students are not to have contact with anyone other than the lab technician until after the sample is given. Any infringement of the rules in this paragraph will result in the student being required to produce another sample. If the student cannot produce another sample this will be regarded as a positive test.
- Adulterations: Adulteration of a urine sample and intentionally diluted samples shall be treated as a positive test and shall have the same consequences of a positive test as described below. Students may also be punished under the athletic policy prohibiting lying in the code of conduct.
- Any and all adulteration of the specimen will be detected. The lab checks every sample for adulteration, such as additives that can be drank or added to urine to change the sample.
- Any suspicion of tampering with the sample will be brought to the lab technician's attention. The sample will be sent to the lab for immediate confirmation of tampering.
- A positive test shall be declared if a student refuses or cannot produce a sample after drinking 36 oz. of water or other beverage in the presence of the lab technician.
- In the event of a positive result, the urine specimen will be sent to a laboratory for confirmation of results and a certified medical review officer will determine the results.
- This collection procedure is subject to change because of procedural requirements by the testing agency. The School Board reserves the right to change the collection procedure to coincide with the testing guidelines set forth by the testing agency.
- When using rapid screens, all non-negative screens will be sent out with a chain of custody to a certified laboratory for confirmation. A certified medical review officer will verify the positive test.
- Any student that tests positive or is considered under this Policy to have tested positive will have to be tested bi-weekly for the term of a six week program with drug counseling and testing at the expense of the student and or parent. Testing will be done by an agreed upon agency or physician.

#### 4. **RESULTS OF A POSITIVE TEST**
