

SwiftK12 is a notification system loaded with features that will make it easier for the school to keep in contact with your family. To guarantee the notification system is used efficiently and effectively, we will need to confirm your contact information is accurate and up-to-date at all times.

SwiftK12 allows our school to send messages using phone, email and SMS text messaging. Phone calls will be sent with **419-485-6700** as the caller ID number. You may want to add this phone number to your address book to help you recognize incoming calls from the school easily. Text messages will be sent from **95664**. Please note you will not be able to reply to text messages sent from the school.

SwiftK12 is integrated with the existing PowerSchool Parent Portal. If you log-on to the Parent Portal (We suggest you log-on using Chrome or Firefox.) you will see a link called **SwiftReach SwiftK12** on the left navigation pane under **Alerting**.

You will be able to see all the contact information our school has listed for you by clicking on the **Contact Information** button in the top navigation.

The screenshot shows the SwiftK12 interface. At the top, there is a navigation bar with the SwiftK12 logo and three buttons: Home, Contact Information, and Alert Preferences. A blue arrow points from the text above to the Contact Information button. Below the navigation bar is a form titled "Contact Information". The form has a section for "Basic Information" with the following fields: Father Cell Phone, Home Phone, Mother Cell Phone, Other Phone, Primary Email, Student Cell Phone, and Student Email. At the bottom of the form are two buttons: "Cancel" and "Save Changes".

Within the Alert Preferences section of the Parent Portal, you will be able to choose your communication preferences based on message category, such as School Closures or Attendance, as well as message type (email, voice and/or text message) by placing a checkmark into the aligned contact fields. You may opt-out of any message category **except for Emergency Messages and Attendance**.

The screenshot displays the 'Alert Preferences' page in the SwiftK12 Parent Portal. The page is organized into several sections, each with a title and a brief description of the category. Each section contains a row of checkboxes for different contact methods: Father Cell Phone, Home Phone, Mother Cell Phone, Other Phone, Primary Email, Student Cell Phone, and Student Email. All checkboxes are currently checked.

Note: Setting up your parent preferences is your responsibility. You will receive messages to every contact field shown in Alert Preferences until updated in the parent portal. Tolls and charges associated with receipt of messages from the school are your responsibility and not the responsibility of the school. Please be sure to set your unique preferences if there are any numbers or addresses to which you do not like to be contacted. *All phone numbers and email addresses must be in a valid format to save properly.*

Emergency messages are always sent with all three message types (email, text, and voice calls) and to every contact field shown even if you have opted out. We cannot change this. Emergency messages will be labeled as such so you will know it is an actual emergency.

If you do not have access to log into the Parent Portal, you may contact the school directly to request changes.

If you have any questions, please contact your child's school. We hope you appreciate this SwiftK12 school notification system and the flexibility it will provide for you as a parent.
